### Second Sunday of Easter

# WELCOME HOME

*To all our newly received  
Catholics in our parish*

### Mystagogia

Now that we have celebrated the “Sacred Triduum” our lives are returning to their normal paces. Well, not exactly. With the Easter celebration of the Paschal Mysteries hopefully there has been a transformation in all of our lives. This period of ongoing conversion should exemplify our lives as something radically transformed through Christ Jesus.

Traditionally, this period is called the *MYSTAGOGIA*, a deepening of our understandings in the mysteries of our faith. For the all the newly initiated:

**Seluleko Buthelezi, Awande Buthelezi, Thandi Ndlovu, Noluthando Mncube, Patricia Ndlovu, Zanele Ndlovu, Noliyande Dlamini, Londeka Ngubane, Elrod Müller, and Monica Wilson!**

This period is the final stage of their Rite of Christian Initiation for Adults. For us ‘veteran believers’ this period provides a time for “shaking-up” and reaffirming our life in the Holy Spirit. While all of us can always benefit from a renewal of our spirituality, this period after Easter is the “high octane” celebration of an extended Easter season.
